Stanley Cup Success: The Avalanche have won three Stanley Cups, first in 1996, then in 2001, and most recently in 2022. Their first Stanley Cup in 1996 came just one year after relocating from Quebec City, where they were originally known as the Nordiques.

Mile High Hockey: The Avalanche play at Ball Arena, located in Denver, known as the "Mile High City" due to its elevation. The altitude gives the Avalanche a unique home-ice advantage, as visiting teams often struggle to adjust to the thin air.
